"I really enjoyed the online TTC at Nagendran Yoga International because it allowed for many people of varying ages and locations to join the course. This allowed for richer conversations and experiences throughout the course. Nagendran and his team have developed a balanced course that is challenging and fulfilling for a range of ability levels. It has been one of the most rewarding courses that I've completed and has had a significant impact on my wellbeing and lifestyle."

Kawaldeep Kaur Siddhu,

Mumbai, India.

"I recently completed Yoga TTC course of 200 Hrs from Nagendran Sir's institute Nagendran yoga International, which is also registered with yoga alliance USA. It was a great learning experience along with the whole faculty lead by Nagendran Sir. Faculty which has vast experience and in-depth knowledge of Yoga's What, Why and How. I am pretty sure this learning has given me right foundation and will go long way in my endeavour of continuous learning and teaching Yoga to others as per best practices. Nagendran sir is a great yoga guru."

Mallika Vasudev,

Mumbai, India.

"For my 50th birthday, I gifted myself the Nagendran Yoga International Institute Teacher Training Course 200hrs. I was ready to learn more, dive deeper into my yoga practice. And this course was everything I wanted. And more! Nagendran Sir's thorough study of 65 yogasanas with benefits, contraindications, awareness, alignment, drishti. Sessions on Pranayama and Relaxation Techniques. Deepthi Ma'am's very absorbing classes on Anatomy, Physiology and Teaching Methodology. Karthik Sir's illuminating classes on Yoga History and Philosophy. The more I learnt, the more I want to learn. I'm able to draw links between the mind and body... the physiological, psychological and philosophical aspects of yoga practice. This has helped improve my own practice and given me the knowledge and confidence to initiate others into the magic of yoga."
