Asha P H,
Bangalore, India.

“ I joined TTC 200 Hrs with Nagendran sir with back pain. Today I have become very flexible in backbends. That is the magic in his hands and teaching. He is a very talented teacher who recognises students ability, interest and capacity and accordingly pushes the students to practice in their practice. All the techniques he has taught us have helped not only in our personal progress but also helped us in teaching other's in a right manner. ”

Kitty Fisher,
US.

“ As an American working in India, I found that I could not easily get back to my home country during the summer of 2020, but I was able to make excellent use of time in India earning my 200 hours yoga teacher certification under the excellent direction of Nagendran sir. To say that these yoga classes changed my life is an understatement yoga is now a habit that helps me start the day right. ”

Ashok Chokalingam,
Bangalore, India.

“ My lifestyle is packed and busy. Although my wife was doing yoga for a number of years, I never liked it nor did I want to do it. It was during the COVID lockdown in April 2019, I tried online yoga classes with yoga Master Nagendran. His teaching method and friendly behaviour made me continue the yoga practice ever since and I am a regular student of him. ”

Komal Patil,
Bangalore, India.

“ I started Hatha yoga with sir 2 years back at 69 yes age. I was hesitant if i could cope up with other members. Due respects to sir his yoga teaching spontaneous put me at ease. Few asanas I found though to remember he showed easier ways. Last 18 months he has made Zoom classes encouraging and constantly watching our moves. ”
